With the growth of the town and the rapid settlement of Sherman county, times have changed. The vis- in session here. tors now talk of the success of the farming community, and how much the raliroad has done for the country is little thought of. The big all round crops raised in Sherman county is now the principal conversation one

Crops Show Big Yield.

Sherman county, will raise upwards of 20,000 bushels of wheat. There are large crops of sorghum,

Sudan grass, milo maize, kaffir and millet in all parts of the county as fine as was ever grown in the state. Sherman county has fine fields of alfalfa as seen anywhere, Lee Con-

The recent Sherman county fair was one of the best yet held. There was a fine display of agricultural products and an unusually large display of stock. play of stock.

The Calvert Realty company is get-ting a large number of Sherman county farm scenes together com-prising fields of growing crops, harvesting, threshing and stock, and expects to show them at Topeka in some moving pleture show. Mr. Calvert is one of the most active pushers

vert is one of the most active pushers and workers for Goodland and Sherman county. He also holds a county office, that of county attorney.

In the list of live business wires for town and county deserved mention is made of Mayor George Kelley, Postmaster Wm. Walker, Jr.; R. A. Kent, the auto man; Dr. F. H. Smith, G. L. Calvert, who has spent time and money to build up Goodland and develop Sherman county. H. M. Hester, Frank Dawson, J. H. Stewart, editor of the Republic; E. F. Murphy, attorney, and others.

J. J. Phillips is one the big cattle men of Sherman county. His herd

men of Sberman county. His herd at this time comprises 170 head of fine registered Herefords. Besides he has several head of horses, 400 acres of small grain, 400 acres of corn, and other forage crops, including 30 acres of sudan grass planted on broken fround this spring which stonds. ground this spring which stands 8 and 10 feet high.

Don't Depend on Railroad.

Goodland is up to date f. a north-west Kansas town. With the good crops Sherman county has been rais-ing, and her high grade cattle and horses, it can no longer be said that the business men depend on the pay roll of the Rock Island road to build

1914 the town completed one of In 1914 the town completed one of the best waterworks systems, miles of cement walks and a fine electrical white way. The town has good schools and churches. Her business men are prosperous, which is another indication that Goodland is surrounded by a fine agricultural country. The Hotel Neu, the Neu Bros., owners and proprietors, to meet the requirements of the trade, are adding the third story to the hotel, and making it modern throughout.

his courts with prayer. His district comprises the counties of Graham, Sheridan, Rooks, Thomas and Sher-man. Judge Sparks considers it an honor, too, of being the second judge to represent the district, the first be-ing Charles W. Smith, who broke all records in holding the office for a quarter of a century.

Dr. L. A. Golden of Kensington,

Dr. L. A. Golden of Kensington, Smith county, is the largest land owner in Sherman county. He owns about 15,000 acres, many of his farms be-ing improved. He owns two irrigation plants. Dr. Golden is so well pleased that he is after more Sherman county lands. Besides the Irrigation plants owned by Dr. Golden, there are sev-

eral other successful irrigation pumps in operation in the county.

Prospect for Oil and Gas.

Prospect for Oil and Gas.

G. L. Calvert, who is a big booster for Goodland and Sherman county, is an oil, coal and gas enthusiast. There are indications of oil and gas on some of his lands. He promises to make further investigations.

Goodland is the home of C. C. Evans, who is a candidate for state treasurer on the Republican ticket in 1916. He is a farmer, too, and operates a large irrigation plant.

The Rock Island gives Goodland fine railroad service. The town doesn't need another road, but if one comes this way her live wire business men will pull for it with all their might.

the county had as many as six journals, today there are two papers in Sherman county and they are printed in Goodland.

When the county records were moved from Eustis to Goodland it looked for a time as if blood would be shed, but not a drop was spilled. Pits were dug around Eustis, and guards put in them, but when it came time for removal the surrender came without a shot being fired or a knockdown on either side, as the state militia had been sent to quell any dis-

K. U. GETS A NEW DEAN

F. J. Kelly of the Kansas State Normal Joins Faculty of University.

HAVE SIX MONTHS TRAINING. Kansas Teachers Must Serve Apprenticeship of One Semester.

Emporia, Kan., Sept. 18.—Persons who expect to be teachers in Kansas will hereafter serve an apprenticeship Some fields of wheat are turning out 25 and 35 bushels an acre, and oats from 45 to 70 bushels. W. S. Graybell reports his barley yielded about 80 bushels an acre, and George Mangus claims 86 bushels. Fred German threshed his wheat which turned out 40 bushels an acre. W. H. Stone, ex-member of the legislature from Sherman county, will raise upwards of 28 0000 bushels of wheat.

to do apprentice work for a semester.
The training teachers are experienced teachers in the public schools. They will be appointed by the state, and will receive \$5.00 a month additional to their regular salary. Each training teacher will have two apprentices. quest, J. J. Knight, Rhoades & Son, and many others are large alfalfa growers. Many Sherman county farmers who farm their lands in a practical way, have produced enough in the years 1913, 1914 and 1915 to more than pay for their lands each year at the prices the owners originally paid for them.

Show Farm Scenes at Topeka.

For teachers entering the Normal school with several years teaching experience a different method will be used. They will be assigned grades in the Model school, and at the 2 o'clock to more than pay for their lands each year at the prices the owners originally paid for them.

Show Farm Scenes at Topeka. For teachers entering the Normal

> the advanced theories of education that have not yet been fully tried out According to authorities the train-ing school of the Emporia Normal has advanced in the last year under the direction of Dr. Kelly to one of the leading schools of its kind in the United States. But the high standards set have somewhat reduced the

STRONG FAVORS SIMPLE DRESS. Chancellor of K. U. Speaks Against Extravagance in Clothes

Lawrence, Kan., Sept. 18 .- The excessive spending of money for dress among students of the University of Kansas was decried by Chancellor Frank Strong in his address at the opening exercises of the university

here Friday.
"Simplicity in all thongs should be "Simplicity in all things should be the keynote in every student's school life and the dress problem would make a good start in that direction," he said. "We spend enormous sums each year for higher education and find graft, vice and crime running wild in our cities. What good is education if it results in the rotten political situations we find today in our large cities?" he concluded.

M'GILL SHOT BY ACCIDENT. Pittsburg Boy Was Killed by Own Revolver, Officers Report.

Pittsburg, Kan., Sept. 18.—That John McGill, the 17 year old boy found dead under a hedge near Arma. stumbled and accidentally discharged the small revolver he carried, causing his death, was the report of officers investigating the case. Three other boys with whom he had been hunting heard the shot but believing he shot at a bird, went home without seeing him again. He home without seeing him again. His body was not found until nearly 24 hours later.

Gives Estate to University. of the trade, are adding the third story to the hotel, and making it modern throughout.

Has a Unique Judge.

Goodland is the home of Charles I. Sparks, judge of the Thirty-fourth judicial district. He has the honor of establishing the precedent of opening big courts with prayer. His district the state of the University of Kansas medical school. After minor provisions of his will have been met, the amount available for the university will be between \$14,000 and \$15,000.

Geographers Keenly Interested in Stefansson's Report.

Vast Strip of Territory Beckons Intrepid Explorer on.

MENTION OF ICE PERILS

Hardships Apparently on Those of Short Rations

Period of Anxiety in U. S.

declared in a statement today that Stefansson's new land lies about 100 miles to the north of Prince Patrick island, and that the most southerly part of the land which the explorer visited isconsiderably to the east of the most eastward extension of Prince Patrick island.

The lands nearest to it, Mr. Adams said, are the Polynia islands, a little group north of Prince Patrick island, about fifty or eighty miles from the new land. Mr. Adams said the most new land. Mr. Adams said the most northern part of the new land as far as Stefansson saw it appears to be far-fourth, \$100; second, \$60; third, \$40; Stefansson saw it appears to be far-fourth, \$20, and fifth, \$10. There will there must be any other land in the ther north than any other land in the great Perry archipelago to the north of the American continent.

Mr. Adams expressed the opinion that the land discovered by Stefansson rises from the continental shaft in shallow waters that surround the Perry archipelago and that the dis-covery shows that this part of the

Arctic ocean is comparatively shallow.

Hardships of Short Rations.

Nome, Alaska, Sept. 18.—Vilhjalmur Stefansson, chief of the Canadian government Arctic exploring and surveying expedition that left Victoria, B. C., in June, 1913, and who set out afoot, over the ice, with two companions from the shores of Northeastern Alaska, in March, 1914, to seek new land in uncharted seas, apparently is unaware of the anxiety his long silence aroused.

ever before and any scores under 80 will be good golf. Peebles predicts that a total of 304 will win the professional event. The par of the rearranged course is 5-2-4-5-3-5-4-3-4—36. The record is 34 for the 9 holes and 69 for the 18, both held by Bob Peebles. These figures may be lowered this week, if the conditions and weather are favorable.

The amateur record is 35 for 9 holes and 71 for 18 holes, both held by Arthur Bonebrake, a local youthful amateur, and it will take some good long silence aroused.

In the discovery of the new land re-ported by him, the only hardships en-dured were those of short rations. Stefansson, in his dispatches to the Canadian government, conveyed by the power schooner Ruby from Her-schel island, omits reference to ice perils and gives space to the scientific results achieved.

Stefansson is wintering at Bank's land, where he has a large power schooner and a small one. He plans to explore his new territory during the winter and next summer, penetrate further into the region of mystery between Alaska and the North pole where no ship has ever some pole, where no ship has ever gone. The southern, or Anderson wing of the expedition, is pursuing its scien-tific work in the Mackenzie delta and reports no mishap except the death of Engineer Daniel Blue, of the power

boat Alaska This is the thirteenth death among the members of the expedition. Eight men perished while trying to reach Wrangell island and another accidentally shot and killed himself there. Another in the Mackenzle country, went in some while lost and committed. went insane while lost and committed

RAMSEY IS AN EXPERT

He Is Called Upon to Settle an Important Issue.

J. A. Ramsey, city sanitary ser-geant, is gaining a nation-wide repugeant, is gaining a nation-wide repu-tation as an expert on files. There is a controversy on in Boston as to how many files are required to fill a quart measure. J. Scott McNutt, author of "Manual for Health Officers," and Dr. Harvey Washington Wiley, famous pure food expert. formerly connected with the United States government and some experts still connected with and some experts still connected with the government, are engaged in the controversy. As yet Ramsey is the only man who ever counted a quart of

Ramsey today received a letter from J. Scott McNutt asking for the desired information, saying that he has estimated the number at 13,000 and objection had been raised that the count was too high. McNutt had appealed to the Russell Sage foundation of New York, and was there informed that Topeka's sanitary sergeant, is the man who knows. Ramsey spent ten nights counting flies and found 15,874 in a quart measure. He says this number is very nearly exact for house flies. ber is very nearly exact for house flies. for although there are eight varieties of flies found in fly-traps, the quart he counted was practically all house

FOR GOLF TOURNEY

Prominent Professionals Will Be Here Sunday Morning.

A Big Week Is Promised by Bob Peebles.

Most of the professional golfers who are taking part in the southwestern open championship which will be held at the Country club on Tuesday

day evening. The other professionals will arrive Monday morning.

Peebles, the local professional, is hard at work getting the course in shape and by Tuesday morning the course will be in great condition for this event.

some good golf will be played and a large gallery will no doubt take advantage to see the professionals at work. Peebles has worked hard to make this tournament one of the best and the prospects are that it will be the biggest ever held in this part of the country.

The professionals will play 36 holes on Tuesday and 36 holes on Wednes-

on Tuesday and 36 holes on Wednes-day, medal play, and the player hav-ing low score for the 72 holes will be the winner. Play on Tuesday will start at 9 o'clock and 1 o'clock.

also be a special prize of \$10 for the low single round. Entries for the amateur events are coming in fast and the local talent will have a good chance to show their skill against the numerous visiting

players who will be on hand. The course is much harder than ever before and any scores under 80

The amateur record is 35 for 9 holes and 71 for 18 holes, both held by Arthur Bonebrake, a local youthful amateur, and it will take some good work of the amateurs to lower these figures. The Country club officials extend an invitation to all golfers in the city to come out and watch the professionals at play. The pairings of the professionals will be announced in the State Journal Monday.

AT THE HORSE SHOW

The prophets wen Friday night when Johnnie Jones, owned by E. D. Moore of Columbia, Mo., carried the blue in the senior grand championship class at the horse show for five gaited saddle horses. Ever since Moore announced that he would enter Johnnie he has been the big bet among horsemen for the winner of the \$1,000 purse which was the biggest event of purse which was the biggest event of the herse show. Lawrence Barrett, owned by O. J. Mocers of Columbia, Mo., was a close second. Kentucky Champ Clark, owned by Hamilton Bros. of Keota, Iowa, was third, while the pink ribbon went to Cloo Grand McDonald, ewned by Miss Louia Long. Fifth honors were cerried by Princess McDonald of the stables of Hutton & Everett of Smithville, Mo. There were eleven entries.

Over all the winners, Rex Corona, a beautiful black, owned by Roy Davis of Kansas City, was the favorite with the audience. The black was also a favorite with the spectators in the junior championship Wednesday but only drew fourth. The fact that the horse was not up to the weight of his

from the same stables as Dan Hur, fourth. In a number of the other harness classes, horses of the Long and Mooers stables led the awards. Following are the results:

The attachment was in a suit for \$9,000 flied by the Kansas City Association club against the Boston Nationals. The Kansas City club asked in its suit \$4,000 alleged to be due for Player Bash Compton and \$5,000 for the non-dellvery of two players, Lawrence Gilbert and Richard

Kansas, No Longer Looks to East for Money.

Every Kind of Profitable Paper Is in Demand.

Kansas no longer looks to the big astern banks, trust and loan companies for the care of her bonds and mortgages, according to R. E. Crummer of Wichita, representing R. G. Dun & Co. In a conference with the state banking department concerning financial conditions, Crummer stated that an investigation showed local demand for every class of good Kansas securities

Every bond issue that can be secured by the Kansas banks at 4½ per cent is greedily taken. Crummer said. In addition to this demand of per cent is greedly taken. Crummer said. In addition to this demand of the banks for municipal district and county bonds, local money is now available for almost every local investment that promises returns. Even real estate mortgages, which were formerly sent east to the big loan companies, now have a ready demand

in Kansas. in Kansas.
"I find that almost every bank in
Kansas now is looking for bonds,"
Crummer told E. F. Benson, state
bank commissioner. "These bonds bank commissioner. "These bonds are readily taken at 4½ per cent and very rarely do the banks get a 5 per cent bond. In many cases local banks care for the entire bond issue of their city or district. Formerly it was nec-essary to send these bonds east, but now the local banks clip the coupons

and hold the securities. Good Demand For Money. "In addition to the handling of these bonds with local capital, there has within the last year been a rehas within the last year been a re-markable increase in the issuance of municipal bonds. Kansas towns that

only drew fourth. The fact that the horse was not up to the weight of his class and was thin in the flanks, was the reason given by the judges for placing him so far down the line.

In the \$500 roadster championship Dan Hur won the blue over Illumination, entered by Miss Long. Dan Hur is owned by Dan Riley of St. Joseph. Illumination carried the red, with Jaurney Maid, owned by Tom Bass of Mexico, Mc., third, and Jane Bogle, from the same stables as Dan Hur, fourth. In a number of the other harness classes, horses of the Long and Moorer stables led the awards and to the demand for eastern money to handle Kansas investments has lumped heavily in the last few years. Favorable crop conditions and high prices in the last two years have resulted in the payment of millions of dollars in real estate loans and many farmers who had mortgaged their land for almost its entire market value are free from debt. As a result of the improved conditions in the agricultural districts, Kansas banks have faced a new situation. Their deposits have increased and the demand for eastern money to handle Kansass investments has lumped heavily in the last few years.
